Re: Charter Township of Port Huron
Monthly Status Report – October, 2026
Our File No.: 5150-1

Dear Mr. Lewandowski and Ms. Davis:

Enclosed you will find my firm's invoices for work performed during the month of October, which was a relatively quiet month. Below, you will find a brief summary of events and the status of the matters addressed during this billing cycle.

As a reminder, this correspondence contains confidential information regarding matters addressed on behalf of the Township and should be kept in strict confidence and shared only with the Township Board and Township personnel, as necessary.

---

**Charter Township of Port Huron – General File (5150-1).**
In October, I prepared my monthly report; attended the Township's Board Meeting and had a pre-meeting discussion with Mr. Lewandowski; discussed with Ms. Davis the Historical Commission Ordinance; and communication with Township Assessor regarding means of securing authorization to access properties when additions and improvements are made. If you have any questions regarding any of the items listed on this invoice, please let me know.

**Charter Township of Port Huron – Code Enforcement (5150-5).**
During this billing cycle, I continued assisting the Township with two code enforcement issues: 2713 Division Street – Discussions with Ms. Davis regarding process for Township to recoup cost of cleaning up property. Additionally, the property owners are beginning to collect more debris on the premises. 4190 Lapeer – The Township is continuing its efforts to have the dilapidated mobile home removed from the property. A ticket was issued and filed with the court. We began preparation of an agreement between the property owner and the Township whereby

the property owner would pay the cost of removal. Mr. Hopp was in the process of trying to secure a cost effective way to remove the mobile home within the time frame allowed by the court. It was ultimately agreed to dismiss the current court action, work with the owner to get the mobile home removed and refile the action if necessary. It appears progress is reasonably anticipated. I remain available to assist with each of these issues if the need arises. If you do have any questions, please let me know.

---

This completes my report on the work performed during the month of October. Please contact me if you have any questions regarding the attached invoices.

I ask that you place these invoices in line for payment in your usual fashion and thank you for your attention to this matter.

Sincerely,

*Robert L. Goldenbogen*

**Blue Water Chamber Invites the Community to Put Thought into Action During Small Business Season**

PORT HURON, MI — NOVEMBER 9, 2026 — The Blue Water Chamber of Commerce invites residents, businesses, and community organizations to support local entrepreneurs during Small Business Season, November 1 through December 31, 2026. This year's theme, "It's the Thought That Counts," celebrates the care behind local businesses — and how one thoughtful action can connect them with new customers.

Local businesses make the holidays special, from preparing meals and finding meaningful gifts to providing services that ease busy days. All year long, they also create jobs, shape the character of our community, and support the causes neighbors care about.

"Our community shines at Christmas. There's something endearing about twinkling lights and big grins, and our small businesses are behind so much of that," said Jorja Baldwin, President/CEO. "A recommendation, a review, or a purchase can introduce someone to a business they might otherwise never discover. Small Business Season lets us recognize the people behind those businesses and put our support into action."

Throughout the season, the Chamber will share social media posts, offer networking opportunities, and promote members online and by word of mouth — and encourages the whole community to do the same. Businesses can email their events and promotions to info@bluewaterchamber.com and are welcome to tag the Blue Water Chamber's official accounts to expand their reach.

**About the Blue Water Chamber of Commerce**
The Blue Water Area Chamber of Commerce traces its roots to 1908, when a group of Port Huron business owners and entrepreneurs volunteered their time and money to grow the greater Port Huron–Marysville business community. Incorporated in May 1917 as a countywide chamber with 905 members, it spent its early decades recruiting industry while building a $100,000 industrial fund, and merged with the Marysville Chamber of Commerce in 1953 to become the Greater Port Huron-Marysville Chamber of Commerce.

In the decades that followed, the Chamber's work widened well beyond industry recruitment. It launched a tourism bureau and the first Blue Water Visitors Guide, lobbied for the Great Lakes/St. Lawrence Seaway and the Mackinac Bridge, pushed for an airfield and the county airport, and helped form the Industrial Development Corporation now known as the Economic Development Alliance of St. Clair County. Its community commitments have ranged from school financing reform and the Lunch Buddies mentoring program to a 501c3 Community Benefit Fund supporting academic achievement awards and earning the Michigan Association of Chamber Professionals' Chamber of the Year Award in 2007.

Long known as the Greater Port Huron Area Chamber of Commerce, it has operated under the assumed name Blue Water Area Chamber of Commerce since 2009. Today the Chamber represents more than 500 member businesses across the greater Port Huron area — advocating for their interests, connecting them to one another, and helping them grow.

**About Small Business Season**
Small Business Season began with one simple belief: small businesses deserve more than a moment — they deserve a season of support. What started as a vision in 2008 became a movement in 2020, when communities rallied to keep small businesses alive during a global crisis and chambers of commerce proved the power of local support when it mattered most.

Today, Small Business Season equips chambers with tools to spotlight local businesses, inspire consumers, and unite communities. Each year more chambers join, more businesses thrive, and more consumers choose to shop with meaning. From purchases and referrals to reviews and words of encouragement, the season celebrates the many ways a community can help the people often called the "backbone of the community" feel like one.

The Board of Trustees of Port Huron Charter Township adopts the 2027 fiscal year General Fund Budget by Department with all others being adopted by Fund. Township officials responsible for the expenditures authorized in the budget may expend township funds up to, but not to exceed, the total appropriation authorized for each department/fund, and may make transfers among the various line items contained in the fund appropriation. However, no transfers of appropriations for line items related to personnel or capital outlays may be made without prior approval by budget amendment.

The fiscal officer shall transmit to the board at the end of each of the first three quarters, and at the end of each month occurring during the fourth quarter, a report of financial operations, including but not limited to:

A summary statement showing the receipts and expenditures and encumbrances for the previous quarter (month) and for the current fiscal year to the end of the previous quarter (month).

No obligation shall be incurred against, and no payment shall be made from any appropriation account unless there is a sufficient unencumbered balance in the appropriation and sufficient funds are or will be available to meet the obligation.

Whenever it appears to the Chief Administrative Officer or the Township Board that the actual and probable revenues in any fund will be less than the estimated revenues upon which appropriations from such fund were based, and when it appears that expenditures shall exceed an appropriation, the Chief Administrative Officer shall present to the Township Board recommendations to prevent expenditures from exceeding available revenues or appropriations for the current fiscal year. Such recommendations shall include proposals for reducing appropriations, increasing revenues, or both.
